Accommodating your needs

Whatever level of accommodation we're providing, from standard to bespoke, SGB Rovacabin is dedicated to working with its customers throughout every stage of their build.

Your needs are of the utmost importance to us, which is why our experienced customer and site support teams will work tirelessly to ensure every aspect of the project runs smoothly.

We're proud of the level of detail we provide for our customers – our solutions include everything from furnishing and decoration to utility services.

We'll even take care of the building regulations, planning permission, groundworks, landscaping and disabled access.

And you can rest assured that all the relevant and stringent safety standards will be taken care of.

Accommodation solutions for health

SGB Rovacabin understands that the health sector is a demanding and important environment that often requires extra accommodation at very short notice.

From additional ward space, consulting rooms, specialist departments or complete health centres, we're ready to meet a diverse range of needs.

We also make sure installation is planned to minimise any disruption to staff and patients. In addition to providing extensions to your

existing facilities, we can also meet the requirements of health departments, NHS Trusts and hospitals. We can supply doctors' surgeries, specialist units, wards, consulting rooms, laboratories, health or medical centres, day nurseries, welfare and restaurant or canteen facilities.

Versatile solutions

Fire and disaster safety

In the unfortunate event that your existing facilities suffer from either fire or disaster damage, SGB Rovacabin has the ability to react quickly and efficiently to install the relevant emergency accommodation. Through a close working relationship, we'll make sure everything is delivered to the highest specification to provide the facilities required by staff and patients.

Health centres

SGB Rovacabin has extensive experience of supplying buildings for health centres to provide extensions, temporary accommodation or complete new centres.

Planned around your individual requirements

The size, shape and specification of your units can be designed and built to your individual needs. Prepared off-site and ready for use immediately, you can request anything from an open plan anti-vandal unit to a fully operational canteen with bathroom facilities.

For your individual requirements

Medical/health centres

Entirely new and temporary medical centre facilities or extensions to existing buildings can be installed quickly and economically, with minimum disruption.

Ward space

Open-plan ward layouts or smaller consulting rooms with a central corridor can be supplied in single or modular layouts.

Treatment rooms

Solutions include single units or complex layouts for specialist treatment rooms or entire departments. Communal areas, welfare and kitchen facilities can be included.

Specialist facilities

Specialist facilities such as laboratories or ambulance stations can be supplied as stand alone buildings or as part of a larger complex.

Welfare

Showers, toilets, canteens, restaurants, rest rooms, relatives' rooms and staff rooms can all be supplied, fully equipped and furnished, as an extension to your existing facilities or as a new building.

Office and storage

Office and storage facilities for administration staff and medical records can be provided in many configurations.
